

## JOB DESCRIPTION

### PROFESSIONAL CIVIL ENGINEER – Agoura Hills, CA

#### General Description

Chris Nelson & Associates, Inc. is currently seeking a Civil Engineer with land development experience. The right candidate will have experience in preparing grading and drainage plans, utility plans, hydrology/hydraulic analysis, earthwork calculations, street design and various other relevant tasks in land development. Proficiency with AutoCAD Civil3D is required.

Licensed as a Professional Civil Engineer is desired, however, design engineers with sufficient experience in land development will be considered.

#### Responsibilities

- Conduct engineering calculations independently.
- Prepare construction documents for land development projects.
- Coordinate with other consultants such as architects, dry utility consultants and soils/structure engineers.
- Develop conceptual designs.

#### About Us

- Top tier civil engineering and land surveying company servicing all of Southern California.
- Culture that encourages a relaxed, yet professional work environment.
- Emphasis on employee mentorship, cross-training, and providing career advancement opportunities.

#### Compensation

- Competitive benefits including 401k, Dental, Vision, Health, Paid Holiday and Sick Leave.
- Salary depending on experience and ability.
